EXPERIENCE

VACO

Content Analyst

- Studied and refined 120+ queries and keywords daily to assure alignment with client policies, industry standards, and best practices, enhancing content accuracy and relevance
- Oversaw data imports/exports of 5,000+ ads per batch, maintaining accuracy, security, and compliance with regulatory requirements
- Interacted with analysts, QA, and ops teams to redesign content tagging process, reducing review time by 30% and improving upload accuracy
- Curated and rated digital content between Korean and English with 90%+ accuracy, supporting ad network efficiency and overall client objectives

Fairfax, Virginia (Remote)
November 2024 – August 2025

INTO MASON

Enrollment Projection Tool Intern

- Developed Python-based enrollment forecasting workflows to collect, clean, and analyze student enrollment data, improving projection accuracy by 15%
- Automated recurring data preparation and reporting processes in Python, reducing manual workload by 50% and improving analytical efficiency
- Built data visualizations and trend reports using pandas and Matplotlib to support enrollment planning and stakeholder decision-making
- Presented weekly enrollment insights to marketing and cross-functional teams, contributing to targeted outreach strategies for Korean student recruitment

Fairfax, Virginia
August 2023 – August 2024

SALLIE MAE

Credit Bureau Reporting Intern

- Maintained accuracy of reported data of ~6.5 million customers, including monitoring of numerous controls indicating possible faulty trends in reporting
- Strived to maintain an industry-superior credit reporting program with 90%+ data accuracy, evidenced by leading low data reject rates and dispute volumes
- Utilized SQL to mine data for illogical reporting scenarios as related to FCRA and updated a database with these exceptions
- Updated accounts to reflect accurate reported information to four national credit reporting agencies (Equifax, TransUnion, Experian, Innovis)
- Collected and analyzed all data reported to credit bureaus on a daily basis

Newcastle, Delaware (Remote)
June 2023 – August 2023

GEORGE MASON IT SUPPORT

Student Support Specialist

- Represented 20+ students and faculties by phone/live chat/walk-in with above 90% resolution rate
- Resolved problems with support for students by creating and closing 40+ tickets through Team Dynamics system
- Met and exceeded customer interaction satisfaction standard of 95% set by company

Fairfax, Virginia
January 2022 – August 2023

STUDENT INVOLVEMENT

KOREAN INTERNATIONAL STUDENT ASSOCIATION
